

MEET OUR NEW BUILD TEAM

Here to help when you need us

CLAIRE

"I've been with Santander for Intermediaries for 10 years now, working in the Sales Team. For the last 9 years I've been on the New Build Desk. I'm very much an expert on all things new build and have been involved in the improvements made to our offering. I'm married and have 2 young children, my oldest is 4 and youngest is 2 so needless to say I am kept very busy outside of work!"

"I've got over 13 years' experience working for Santander. I started in the Admin Team and then moved into sales as a Business Development Consultant, before moving onto the New Build Desk. I've got lots of knowledge on new build policy and I'm fully skilled in system support.

I'm Manchester based despite being from Liverpool. I'm a big Liverpool football fan and a season ticket holder."

STEVE

BRUCE & PAUL

"I look after our sales strategy and proposition. I work with external partners at builders, brokers and industry bodies. I've been a Key Account Manager since 2006, focusing on new build since 2014 where I set up our New Build Desk. Like Steve, I love my football but since I support Cambridge, I see fewer victories."

"I've got around 25 years' experience working with brokers and have been a New Build Specialist with Santander for Intermediaries for 9 years. I manage a national panel of key new build firms, and my specialist knowledge helps support our wider team. Outside of work, I'm a keen runner and football fan. I'm married with 2 teenage children."

NEW BUILD...IT'S WHAT WE DO

HOW CAN WE
HELP YOU?

-  New business and existing case questions.
-  Help with policy and underwriting decisions.
-  Agreement in Principle decision.
-  Escalations for urgent deadlines.
-  Exposure queries.
